The product in question is being handled by another Division. At their request, I looked at some efficacy information about the product last fall and, basically, reached conclusions similar to theirs. Specific questions about the product should be sent through the Division to which the product is assigned.

Subject: voice mail about capsaicin rodent repellent

Bill,

I left you a voice mail this morning about a capsaicin rodent repellent product that is pending and that I believe you may have looked at for BPPD. Please let me know when you might be available for a phone call to discuss the efficacy situation.

Thanks,
